To whom it may concern,

Garco Construction has had the pleasure of working with the Continental Door Company for Fifteen years. We have found them to be trustworthy and hardworking.

They have provided and installed numerous doors for us, in both a professional and timely fashion, to be used in industrial parks, municipalities, storage units and schools. They have been compliant and easy to work with.

For these reasons we would strongly recommend them for the performance of similar work.

Sincerely,

A handwritten signature in blue ink that reads 'Frank Etter'.

Frank Etter
Vice President

BUILDING EXCELLENCE SINCE 1978
